

Payroll

- Customizable, cloud-based solution
- 24/7 online access to payroll data
- Dedicated single point of contact

**Payroll made easy.
It's about time.**

Payroll can be complex and time consuming. Why not hand it off to Heartland? Trust us with the complications of payroll processing, while you focus on what you love most – your business.

Features

- Customizable, all-inclusive payroll solution
- A dedicated single point of contact supported by a team of specialists who understand your business
- Integrates with multiple time clock and POS systems
- Federal, state and local tax filing and payments included in standard solution
- Integration of workers' comp insurance data and premium collections through multiple carriers
- Secure 24/7 online access
- Simple pricing with a three-year price lock

Added Value

- Robust reporting – complete documentation of your payroll
- Tax Credits - The FICA Tip Credit can amount to hundreds of dollars per employee each year. We help make documenting the amounts easy with our FICA Tip Credit Report.
- Provider Reporting - Our superior technology allows secure access for banking services, benefit programs, government agencies or insurance providers as needed.
- Commitment to Customers - We will strive for perfection in everything we do and treat every payroll and paycheck as if it were our own.
