

## Heartland Payment Systems

### Background Information of Company

When partnering with Heartland Payment Systems (Heartland), you will gain a full-service payment technology company with extensive experience in providing the most comprehensive solutions.

Heartland opened its doors in 1997 with a simple plan: *to provide fair-deal, fully disclosed payment solutions and exemplary service*. Today, Heartland (NYSE: HPY), a Global Payments company, is a leader in the payments industry and processes over 4 billion credit and debit card transactions and \$120 billion in volume annually, which makes Heartland one of the largest payment processors in the United States (US).

Set of Solutions:

**Payment Processing, Lending, Gift and Loyalty programs, eCommerce and HR/Payroll/401K**

### Superior Service

Heartland's Midwest-based state-of-the-art service center is home to more than 850 Customer Advocates and Service Employees who provide equipment, application, software and network support to over 400,000 merchants across the country — 24 hours a day, 365 days a year.

Heartland's commitment to clients is articulated by [The Merchant Bill of Rights](#), which we founded in 2006 as the industry standard for fairness, honesty and transparency in payment processing. A true merchant advocate.
