

Payment Processing

- Transparent pricing
- 24/7 U.S.-based customer service
- Comprehensive Breach Warranty

Grow and Protect your Business

Heartland payment processing allows your business to accept all forms of payment, while you remain secure in knowing you've partnered with a company dedicated to helping entrepreneurs succeed.

Secure Card Processing

Backed by a comprehensive breach warranty, Heartland Secure uses EMV, end-to-end encryption and tokenization to protect your customer's credit card data.

Interchange-Plus Pricing

You'll always know how much you pay us and how much goes to the card brands which means no arbitrary price increases and full realization of cost reductions.

Next-Day Funding

Regardless of the bank relationship, merchants are eligible to receive their money from all card transactions the very next business day.

Flexible Processing Options

When you process through Heartland, you can take payments:

Anywhere

- In-store
- Online
- Offsite

Via Any Method

- Apple Pay
- Samsung Pay
- Android Pay
- PayPal
- Credit and debit
- Gift card

On Any Device

- Point-of-Sale terminal
- Tablet
- Mobile phone
- Virtual terminal

More Features & Benefits

- Robust reporting and analytics
